

New Rules for Ownership of Blind
Important, Read Carefully
Participation in this program is solely up to the person whose name is drawn.
This program is not mandatory.

Blind Owners and Co-Owner Definitions, Rights and Responsibilities:

1. The person, whose name is drawn, is the **Primary Owner of the Blind.**
2. Primary Owner may list one other person as the **Co-Owner of the Blind.**
3. These designations are permanent and cannot be changed throughout the season.
4. One of these two people **must be present** at the Blind Pick.
 - A. Co-owner must show proof of their hunting license, PA migratory bird privileges, and federal duck stamp and have the primary owner's blind application postcard, hunting license, PA migratory bird privileges and federal duck stamp.
 - B. Co-owner is established on day of pick. If co-owner is not present, owner must show proof of co-owner's eligibility (Hunting license, state migratory bird privileges and federal stamp).
5. Both Owner and Co-owner have equal rights to occupy their blind, at any time. **No other person**, other than the two specific names on the permit, has the right, at any time, to ask another party to vacate a blind.

* If you are using someone else's blind and someone shows up and claims to be the Owner or Co-owner and asks you to leave, that is their right to so, at any time, but identification must be shown to verify that they are in fact the Owner or Co-Owner. Park Rangers will not tolerate disputes and will ask all parties to leave the park.
6. When neither Primary Owner nor Co-owner are present, the blind may be used by the public. Non-owners should not take possession of a blind anytime earlier than one hour before shooting hours. **No exceptions.**
7. A person's name may only appear on **ONE** blind permit on the park. If you are **EITHER** the Owner or a Co-owner on one blind, you **MAY NOT** be the Owner or Co-owner on any other blind on the park that year.
8. With equal rights comes equal responsibility. **Both** Owner and Co-owner are responsible for maintaining their blind. Trash bags should be provided, regularly removed and the blind maintained for the public.
9. At the end of the season, both Owner and Co-owner are responsible for blind removal on or before the posted deadline.
10. Failure to remove your blind, by the deadline, will result in **BOTH the Owner and Co-owner being fined and BOTH being placed on the list of ineligibility for future blind drawings.**
